It has been observed that press transmissions in English morse from the Vietnam News Agency are occasionally followed by short transmissions in Annamese morse addressed to "ABC". There is no regularity to these addenda. A sample is the intercept of Sunday 9 October at 13:21 GMT which refers to the activities of a "League of Workers of Northwest Vietnam." This group, apparently founded on 2Q October 1948, was urged on the anniversary of that date to redouble its anti-French efforts, and if possible to participate in the work of the Central Standing Committee of the League. This was followed by references to a Peace Congress, the meanings of which are not clear.
